

Carl Gustaf.

You are not merely a victim of disinformation by satanic Swedes, but you are also personally guilty of actively propagating satan's agenda. Your utmost blunder was to cast your older daughter into the lifetime scheme of the devil, in direct disobedience to God, but among your many lesser errors is your pursuant support for bogus science: [www.realcatholictv.com/cia/04GlobalWarming](http://www.realcatholictv.com/cia/04GlobalWarming)

Shame on you!
